

## Coronavirus (COVID-19)

At Ogle School, the health, safety and well-being of our students, staff and clients are our top priorities. In response to the growing conversations surrounding the Coronavirus (COVID-19), we would like to assure you that preventative measures are taking place to reduce the spread of everyday illnesses. The information that is available regarding COVID-19 is ever-evolving and changing on a daily basis. As an organization, we are closely monitoring the situation and taking guidance from the U.S. Centers for Disease Control and Prevention (CDC), Texas Department of Health Services and campus county Public Health departments .

### REMINDERS

- Avoid close contact with people who are sick.
- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom, before eating, and after blowing your nose, coughing, or sneezing.
- If soap and water are not available, use an alcohol-based hand sanitizer.
- Avoid touching your eyes, nose and mouth (T-zone).
- Stay home if you are sick. If you have a fever, please stay home until you are fever-free for 24-hours without the use of fever-reducing medication.
- Cover your mouth and nose with the inside of your elbow when you cough or sneeze, or use a tissue, and then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipes.

### Enhanced Cleaning

We have increased the frequency and rigor of cleaning and sanitization in all of our campus locations and office environments. We are adding a hospital-grade formula disinfectant which helps stop the spread of contagious diseases and has an expanded list of pathogens in which it provides protection against. Additionally, we are adding hand sanitizer at the front desk at all locations.

### Ongoing Efforts

All of us at Ogle School understand that this issue is cause for concern to many, and we offer our deepest sympathies to those who have already been affected. Rest assured that as circumstances continue to develop, one thing will remain the same: We will make our decisions with the health and well-being of our students, employees and clients as our highest priority.
